

Hello everyone,

Well it's hard to believe that it's been a month since Comanche Moon but it has. Temperatures have dropped a little and predicted to be in mid-seventies with a chance for rain around the weekend. Yeehaw! FYI unless it is thundering and lighting or rain is coming down in buckets we will shoot. Our range sheds rains very quickly and we only have a few spots that might be a little sticky.

Come on out and shoot with CTS on the First Saturday monthly shoot for November 2024. It's less than a week away and that means it almost time to be shooting at Comanche Trail Shootist.

For those that were unable to attend Comanche Moon do not despair as we are shooting the first 6 stages from Comanche Moon this month and in December we will shoot the last 6 stage from Comanche Moon. We have 6 stages set up for 10-10-4 +, 2 stages will have knockdowns. So load up everyone you know and come out for a fun day of shooting!
